

Day 5: The 6 non-negotiables to create more impact, ease and freedom in your business

What we've covered so far:

Secret #1: Nothing is working? It's your mindset.

Secret #2: How to change your mindset for good

Secret #3: 33 beliefs to create more freedom, ease and impact in your business

Secret #4: Your story creates your identity

Here's secret #5: **How to think and act like a 6-figure biz babe.**

I started modelling people.

I got obsessed with learning what makes the difference between those struggling, and those who make it.

I worked with the best mentors.

I invested \$46,000+ into coaching and programs to be able to model the six non-negotiables that E.V.E.R.Y one of my mentors had in place.

Wanna know what they are?

The 6 non-negotiables:

1. A vision bigger than anyone else: **6-figure Vision**
2. Focus on the right things: **6-figure Focus**
3. Beliefs that empower you: **6-figure Beliefs**
4. A leadership identity: **6-figure Identity**
5. Taking massive action: **6-figure Action & Habits**
6. A scalable strategy that works: **6-figure Strategy**

I changed **my thoughts, my beliefs, my habits and my inspired actions** to those of a 6-figure business owner, and it transformed my cash flow more than *any* strategy, funnel, or tactic ever has.
